Subject: Nov. 27 death of a Texas foster care child in a Greenville RTC

CAUTION - EXTERNAL:

Greetings,

I am reaching out to see if U.S. District Judge Janis Jack has any comment re: the Nov. 27 death of an 11-year-old DFPS foster care child who was residing in Thompson's Residential Treatment Center.

It is our understanding that the child complained for days of a stomach ache, refused to eat and then was forced to participate in an outing to a movie theater...where he tripped and bumped his head. He died sometime during the movie showing .

It is our understanding that at no time did the RTC staff request professional medical help for the child.

While I fully understand and appreciate the court's rules, I still feel an obligation to reach out to Judge Jack in case she would want to comment or provide any additional details in this case.

Please forward this email to her. Thank you.
